Thanks Jessica, perfect timing. See attached for resumes for members of our team interested in interviewing with the Councilmember elect for positions in the upcoming Council District 4 administration. A brief summary of the people below alphabetical by first name:

- **Andrew Suh** - Current legislative deputy, thorough understanding of the entire legislative and budget process and strong connections within the departments and the other offices. He has been with the office for five years and ready for advancement.
- **Isaac Burks** - Recent office here covered the front desk and phonenumber. Long city experience with a full career at LAFD followed by admin experience with several council offices.
- **Moniquea Roberson** - Long time city hall employee with substantial funding processing and office management experience.
- **Natalie Pinedo** - Talented staff member who started with us covering the front desk and became a case manager a year ago. Natalie would be a great choice for a field deputy or office manager / funding manager. Natalie may also be a good choice as a scheduler if she is interested. I can't stress enough the importance of a strong scheduler :)
- **Nikki Ezhari** - District Director. Tenured city experience with case work and constituent relations at a couple Council Districts. Nikki brings both management experience and a lot of knowledge of the middle management folks at various departments who you need to know if you want to cut through the red tape on community issues.
- **Rachel Fox** - Field deputy for Silver Lake / Los Feliz. My guess is you have heard of her stellar reputation in the neighborhood. Great candidate to consider for field district staff leadership.
- **Rob Fisher** - Field deputy and community planner for the southern part of the district. Law degree and planning experience. Great candidate to consider for planning or field district staff leadership.

Let me know if you have any questions.

Best,  
Nick
